What ails the present generation?

No doubt, a healthy body and a sense of well being are everyone’s dream. But, industrialization, affluence and modern life-styles have taken their toll. Improper dietary habits, insufficient sleep, immoderate drinking, lack of exercise and high stress disturbs the sensitive hormone levels, thus leading to serious health problems. There is an alarmingly increased incidence of obesity, heart disease, and diabetes.

Time tested, natural methods of healing

Age old, natural methods of healing are holistic and treat the whole system instead of a particular symptoms. Pure and gentle time-tested herbs help you regain the lost balance in your system and sustain it, without resorting to powerful medicines or stringent diets.

Sugar Destroyer Tea - Herbal Tea For Health And Well Being

Sugar Destroyer Tea is a gentle preparation of Herbal tea, evolved from blending the medicinal goodness of Gymnema Sylvestre herb and Camellia Sinensis.

Sugar Destroyer Tea is an excellent general health beverage, which is beneficial to a person with health problems, as well as to a normal person to maintain his health.

Gymnema Sylvestre

Gymnema Sylvestre is a woody climbing plant that grows in the tropical forests of central and southern India. The leaves, used in herbal medicine, which chewed, interfere with the ability to taste sweetness, which explains the Hindi name Gurmar- “Destroyer of sugar.” Gymnema Sylvestre, present in Sugar Destroyer Tea is found to be effective in supporting blood sugar levels already within optimal range. Results from the clinical studies indirectly suggest that Gymnema Sylvestre extracts improved the functioning of the pancreas. (Baskaran, 1990; Shanmugasundarm, 1990b).

Traditional use

- Supports blood sugar levels already within optimal range.
- Helps regulate appetite and craving for sweet food.
- Helps regulate normal glucose tolerance.
- Supports the body’s natural response to inflammation.
- Provides antioxidant and immune support.
- Promotes wellness during times of occasional stress.
- Helps heart healthy cholesterol levels and promotes healthy weight management.

Camellia Sinensis

It is the herb that goes to make the world famous beverage-Tea. It is a potent and divine herb and is a way of life with most people in the world.

The traditional tea-drinking people have known the medicinal value of tea for centuries, and its health benefits are well documented.

Why Sugar Destroyer Tea?

It is found that Camellia Sinensis provides synergy to the benefits of Gymnema Sylvestre.

Tea prepared from the Herb is the best form as it has an effect in the mouth to reduce sugar craving as well as in the intestine to reduce absorption of sugar.

SanGluco Sugar Destroyer Tea is manufactured using cutting edge, in-house, nanotechnology process that improves overall efficacy of the product.

Sugar Destroyer Tea

- Combines the medicinal goodness of nature’s best known herbs.
- Is purely herbal and free from chemicals.
- For improved alertness and less exhaustion during work.

Are there any side effects?

Sugar Destroyer Tea is generally safe and devoid of side effects. The safety of Sugar Destroyer Tea during pregnancy and lactation has not yet been determined. Persons taking insulin should consult their physician.

The safety of Gymnema Sylvestre has been demonstrated by the fact that it has been safely and successfully used for more than 2,000 years in traditional Ayurvedic medicine.
